

TO THE CITY COUNCIL
FROM THE CITY MANAGER'S OFFICE

DATE May 12, 1988

NO.

SUBJECT: Public Hearing on the Draft County of San Joaquin
Hazardous Waste Management Plan

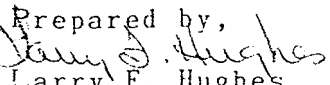

RECOMMENDED ACTION: That the City Council conduct a Public Hearing on the Draft County Hazardous Waste Management Plan.

BACKGROUND: The County Hazardous Waste Management Plan has been developed with City of Lodi input pursuant to AB 2948. Mr. Gordon Lillis of the County Public Works Department will be present to make a presentation of the Plan and to answer any questions you may have.

The majority of the impacts this Plan will have on the City are positive in nature. There are some, however, which will require man hours from various City departments. Some of these are as follows:

- . Create County and City ordinances requiring that all new firms that generate hazardous wastes implement a waste reduction program as a condition for receiving a permit..
- . Consider having the County and the cities develop a model ordinance covering transportation of hazardous wastes on local streets. Consider appropriate routing for hazardous waste management vehicles.
- . Consider developing County and City aboveground tank ordinances.
- . Consider having County and cities implement an ordinance that requires performing environmental assessments on agricultural and industrial properties that are being rezoned for residential use.
- . Incorporate the Hazardous Waste Management Plan into the City General Plan and adopt necessary ordinances.
- . Consider requiring all new businesses that generate hazardous waste to apply for a Conditional Use Permit.
- . Provide informational handouts for the public that stress the concept of "reduce", "reuse", and "recycle".
- . Providing of additional training.
- . Education of the business community.

The Summary of all Recommendations beginning on page 4-9 provides a good review of these potential impacts.

SUBJECT: REVIEW OF CHWN? DRAFT PLAN

Dear Mr. Peterson:

Enclosed are eight copies of the Draft County Hazardous Waste Management Plan, CHWMP, to be distributed to your office, City Council members, the Public Works office, and the City Clerk's office. If you need additional copies, please contact the county Solid Waste office at 468-3066.

On March 31, 1988, eight copies were submitted to the California Department of Health Services which will review the Draft CHWMP to determine if the Plan conforms with the Tanner Act (AB 2948). Comments concerning its review will be returned to the County by June 30, 1988.

Copies of the Draft Plan have also been distributed to the following departments and concerned organizations for review and comment:

1. City Libraries for public review,
2. San Joaquin County Board of Supervisors.
3. San Joaquin County Planning Commission.
4. San Joaquin County Agricultural Commissioner's office,
5. Stockton's Greater Chamber of Commerce.
6. San Joaquin County Local Health District.
7. Assemblyman Patrick Johnston and State Senator John Garamendi.
8. Subcommittee members (chapters one through four and selective portions).

Mr. Thomas Peterson

- 2 -

April 7, 1988

Public Hearings on the Draft CHWMP will begin in May and continue through the month of June. It is requested that each city hold a Public Hearing concerning the Plan during the month of May. Members of County staff will be available to *make* presentations and answer questions at the Public Hearings. A public notification is required to be submitted to a local newspaper ten days prior to the Public Hearing. Please furnish us with proof of publication-. The Board of Supervisors will also hold a Public Hearing.

Due to the size of the Appendix, which contains mostly reference data, the Appendix has been omitted from distribution at this time. Copies of the Appendix will be available at the County Solid Waste office.

Please review the Draft CHWMP and submit your comments and questions in writing to Gordon Lillis, Coordinator of CHWMP, P. O. Box 1810, Stockton, CA 95201.

To facilitate the review process, please follow the format provided below:

1. Direct your comments and questions to specific chapters and page numbers.
2. Do not concern yourself with "typos" or **grammatical** errors. But if there is ambiguity or a question as to content or **policy**, by all means bring it to our attention.
3. Return all comments to Gordon Lillis by April 25, 1988. It is not necessary to return the Draft CHWMP. You might want to "*flag*" pages that you commented on so you can refer to them during the Public Hearings,

There have been over 90 participants in developing the **Hazardous** Waste Management Plan for San Joaquin County. This has resulted in an extensive planning effort and, hopefully, a good Hazardous Waste Management Plan.

Respectfully yours,

TOM HORTON
Solid Waste Manager
